Lions To Canvass For The Blind

The Raymond Lions Club have undertaken to canvass the Town for contributions to help the blind. The Canadian National Institute for the blind are doing a wonderful work in rehabilitating those who are unfortunate enough to have lost their sight and your contribution is needed to further the work of this organization. When the canvasser calls on you between November 9th and 15th be generous when you reach into your pocket. Try to give some blind person a help in feeling the things you can see.

Help the blind, November 9th to 15th.

Mr. and Mrs. Kay B. Redd are in Calgary where Mr. Redd is a delegate from the local Labor Union to the Trades and Council there.

Sunday Club was held this week at the J. G. Gibbs home. After the lesson by Gerald Gibb, the evening was spent in a social gathering.

Mr. J. S. Follis and daughter Beth were in Medicine Hat Saturday where they attended the funeral of Mr. Follis' nephew who was killed last week in a plane accident.

Mrs. Velma Vance left Monday for Cottage LaPrairie, Man., where she will enter training for a mental nurse.

Dr. Walker Heads Athletic Association

Last Wednesday evening the Raymond Athletic Association met in the Opera House for their annual meeting.

Election of officers resulted in Dr. J. Harris Walker being elected President of the Association with Ken Mitchell as Vice President and Doris Stone as Secretary-Treasurer.

Financial statement of the Association was read by retiring Secretary Murray Holt.

The Athletic Association under the new executive will sponsor all sports and they have taken over the operation of the skating rink, the swimming pool and the tennis courts which were formerly operated by the town. Bleachers will be put in the skating rink this year and Raymond will have two hockey teams, a senior and junior team.

Basketball will sponsor two teams, a senior and intermediate team. Under the tutelage of Ken Mitchell and Hugh Court a boxing team will be organized.

Each sport will be responsible for its own finances and that means that the public must attend and support

games and all other means the Athletic Association see fit to use to raise money.

There is no other means of raising finance than that. Your young people benefit from the efforts of the association and it is for that reason that the association operates. Your donation, large or small would be welcome and your support of all sport in Raymond is urgently sought. The new executive are anxious that sport in Raymond finance itself and urge the people to come out and help to do it.

RAYMOND

John resides in Fullerton, California and is accountant for the Hunt Food Products. Richard (Dick) is office manager of the Canadian Sugar Factories at Picture Butte.

The wife and mother, Georgina, lived a life of usefulness and unselfish devotion to her family, friends and to her church. When the ward was divided in 1912 she was made President of the 1st ward Relief Society, a position she held until May 1915 when she was chosen President of the Taylor Stake Relief Society. She held this position for 15 years. While she was president of the Stake Relief Society they turned to the Temple, to help build and furnish it some \$2675.61; this money was raised by the members saving their pennies and donating their Sunday eggs. Under President O'Brien an electric motor for the organ in the Stake House was installed at a cost of \$168.31 and many, many other worth while projects were put over with outstanding success in the Taylor Stake. During the world war I Mrs. O'Brien made and decorated beautifully a cake, and turned it to the Red Cross to raise funds. They realized over \$150,000 from this cake. She was an expert cake decorator and has decorated scores of beautiful wedding cakes for young brides of Raymond.
